OFFICIAL PAPER OF THE CITY.

## THE NEWS.

We have good news from Mobile. The Richmond and papers state that Ft. Morgan is in the enemy's (that's us) possession, but whether blown up or evacuated is unknown. We are gratified at the fact and can afford to await the coming of details.

The fight on the Weldon Railroad was quite a severe one, and our forces were driven back after a hard contest, but not until they had thoroughly destroyed the track.

Our Chicago dispatch is brief but to the point. It will be seen that "little Mac" is in the ascendant and will be nominated without doubt. The crowd is represented as being immense, and the whiskey trade is enormous. There will be a very lively fight on Vice President.

Gen. Butler has arrived in Washington, en route for Massachusetts.

General Sherman is moving his forces around so as to occupy a position on the Macon road.

In consequence of the inhuman treatment of our prisoners, all luxuries have been withdrawn from the denizens of Ft. Lafayette.

The privateer Tallahassee on Thursday, destroyed twenty-two fishing vessels, off Prince Edward's Island.

Four thousand Indian warriors are encamped on the plains of Western Kansas. They have already captured 3000 horses besides other property. They are well armed and splendidly mounted.

Admiral Farragut made a reconnaissance up Mobile Bay, and found formidable obstructions to his progress toward the city.

Kilpatrick in his raid upon the Macon Railroad, effected destruction of the track for a distance of fourteen miles. Returning, he met a force of rebels and defeated them, capturing six cannon and 200 prisoners. Subsequently he met another force of rebels, which defeated him, recapturing most of the guns and prisoners.

EXTRACT OF A LETTER FROM G. W. BUDN.—We are permitted to make the following extract from a letter to Mrs. Budd, from the Lieutenant who is well known here.

Last Saturday our regiment had a hard fight with Forrest south of the Tallahassee river 25 miles south of Holly Springs. Brig. General Hatch commanding, 6th and 11th Illinois and 2d Iowa cavalry were engaged four hours, with artillery on both sides. Hatch finally got his back up and ordered the boys to charge across an open field and dislodge the enemy from their position which was a formidable one. Our boys carried the position in fine style, dislodging and completely routing the enemy who were commanded by Forrest in person. Our loss was thirty killed and wounded from the three regiments. Colonel Coon met with a narrow escape, a piece of a shell passing through his pants. Sergeant Ould of my company was seriously but not fatally wounded in the shoulder.

This is the first time those two celebrated cavalry officers, Hatch and Forrest, have ever been pitted against each other, we feel proud to think the cavalry whipped them almost before the infantry fired a gun. It is rather a strange coincidence that both Hatch and Forrest were suffering from unhealed wounds and both were on the field in baggies not being able to ride in the saddle, though our boys hurried Forrest so that he abandoned his buggy which with the horses and one of his staff officers fell into our hands. After pursuing them four miles night coming on they abandoned the chase and I fell back to their former position, where they were at last accoutre.

The speeches of Vallandigham and Fernando Wood gave but a faint view of the rampant treason which prevailed at the Syracuse Peace meeting of the Democracy. The following are some of the mottoes displayed on the occasion:

"No more victims for the slaughter pens—not a man or a dollar."

"If sword touches the bell again the people will stretch his neck."

"Lincoln demands blood! Protest Marshall's cowardice!"

"Let the Tyrant tremble when the people speak."

"Crush the Tyrant Lincoln, before he crushes you."

"Free ballots or free bullets."

"This is a nigger war."

"We will not be conscripted in a war for the emancipation of slavery."

"Hiram Seymour—the Champion of Civil or Military law."

One of the speakers, Joel Rogers, of Jefferson County, indulged his treasonable proclivities in the following language, from which can be inferred the temper and intentions of the gathering:

He denounced Mr. Lincoln as the biggest kind of a tyrant, and appealed to everybody to resist the pending draft. If any minion of the despot at Washington came to their houses, to tear them from the bosom of their families in this war for the nigger, they must defend themselves in the easiest way. They must resist him and show him their homes were inviolate.

"You needn't look for a musket," said the speaker, "TAKE A CLUB, OR AN AX, OR ANYTHING, AND SLAY HIM ON THE SPOT!"

This accords with the copperhead practice up in Dodge county, in a State, where they waylay and shoot the enrolling officers, as witness the cases of J. C. Cole and John A. Dugan's only a year ago.

TOBACCO CULTURE.—The banks of the Connecticut river, up to and beyond Windsor, Vermont, is not literally covered with tobacco, as is much occupied by that weed that it has supplanted crops of more utility. Every farmer in the region grows more or less tobacco.

**The Madison Journal on the Renomination of Mr. Sloan.**  
The Madison Journal of Friday last, contains an article upon the renomination of Mr. Sloan in which the action of the Rock county delegates and their friends, is so sharply and so unjustly criticized that we feel constrained to say a few words in reply. We know our Madison friends chafed considerably under the harness at the Watertown convention, and not only kicked both legs over the traces but smashed in the dashboard; but as they were held to the work with a steady hand and compelled to do that which the people of the district desired them to do, we thought we could well afford to let the outside world remain in ignorance of their testiness and discomfiture. But as they have made their troubles public and blundered through more than a column in the Journal, we cannot be charged with opening the discussion.  
The Journal tells the truth as far as it goes, but unfortunately it does not tell all the truth. It says:  
"The Convention was composed of forty-four delegates, one assembly district of Columbia county being unrepresented. There was a double delegation from the Watertown assembly district, each claiming to be the only rightful one. By a curious compromise the Convention declined to determine which was the rightful delegation, and a limited one member of each. It was then that the delegates from Rock and those present from Columbia county, were unanimous in favor of the renomination of Mr. Sloan, and that two of the Jefferson delegates were with them, while Dana county was unanimous for Hon. B. F. Hopkins, or Col. G. L. of Watertown. Thus the Convention stood 22 for Sloan and 22 opposed to him."  
The Journal fails to explain that the committee on credentials, appointed by the senior Editor of the Journal, a majority of whom were opposed to Mr. Sloan, reported in favor of admitting all four of the delegates from the contested district, three of whom were known to be in favor of Mr. Hopkins! Thus they hoped to accomplish by strategy what they could not do by fair means, and this was the first blow aimed at Mr. Sloan, below the belt. But it was successfully parried by the convention rejecting the majority report, and the "curious compromise" spoken of by the Journal, effected by admitting one from each delegation one of whom was known to be opposed to Mr. Sloan and one considered doubtful, but proved to be opposed to him. This was not what the Hopkins men wanted, but it was fair, nevertheless. This matter of contested seats being settled to the satisfaction of the convention, Hon. G. W. Hazleton of Columbia, one of the most honorable and fair minded men in the State, moved that the delegates present from his county be authorized to cast the votes for the unrepresented district. Mr. Hazleton stated to the convention that the votes would be cast in accordance with the wishes of the Union men of that district, and just as they would be cast if the absent delegates were present. At this point the trouble commenced, as the opposition to Mr. Sloan knew very well that the delegates present, as well as those absent, were for Mr. Sloan first, last and all the time, and if the delegates present cast the votes of the absentees it would be in accordance with the wishes of the delegates and of the district, and Mr. Hopkins would be beaten. The Dana county delegates vehemently opposed this proposition, but the Convention, after patiently listening to all they had to say upon the subject, resolved that the Columbia delegates should cast the votes of the absentees. Here the filibustering commenced, and twenty-one delegates left the convention in extreme disgust, the chairman, General Atwood so far forgetting what was due the convention that had honored him, and what was due the dignity of his position, as to vacate the chair without even calling some one to preside temporarily in his absence. It is said that the language used by the bolters was quite similar to that used by the army in Florida, many of them declaring with blasphemous emphasis that they would not return to the convention. Through the efforts of General Fairchild, and one or two others, they were finally prevailed upon to go back and conclude their labors. They entered the following protest which they were assumed to have appear in the official proceedings:  
"The undersigned desire to enter their most solemn protest against the action of this convention, in allowing six delegates present in the convention from Columbia county, to cast the entire vote of that

county—one Assembly District in that county being wholly unrepresented in said convention. Each Assembly District being a distinct territory in itself, we protest against the right of a convention to authorize any person or persons not residents of a district to represent it in convention. Such a precedent is wrong in principle, dangerous in practice, and subversive of the best interests of any party or people."  
After entering this shallow protest they felt better, and the business was allowed to go on, when Mr. Sloan was nominated on the first ballot.  
In this protest the Journal joins and feels it to be its duty to lay the facts before the public, but piously hopes such "unwarrantable" and unwelcome proceedings may never be heard of again among Republicans, (especially when Dana county has so much at stake.) We deny that it was an unwelcome proceeding. It is true every year, and if our memory is not at fault, at the last Republican State Convention, a gentleman was allowed to cast a vote for a district in which he did not reside, and none of our Madison friends felt outraged or protested against it. Neither were they especially grieved last fall at the unprecedented manner in which Governor Solomon was chiseled out of the nomination by the unheard of tactics of somebody! It may be wrong in principle, but that it has practice and precedent in its favor, is not to be denied. The Journal asserts that the two votes from Columbia county were manufactured by politicians and were bogus, not being the votes of the Union men of that district. We might reply by saying that if all the Journal says be true, it was simply beating the Hopkins men at their own game when they tried to manufacture votes for their candidate out of the bogus Watertown delegates. But we have a better answer than that which is, that the two absent delegates photographed to their friends that they wished to have their votes cast for Mr. Sloan. This, however, was after Mr. Sloan was nominated, but before the delegates left Watertown. So we take issue with the Journal and assert that the two votes were cast precisely as the Union men of that district desired, and that if they had been ruled out, that would have been the trick of politicians.  
There is another important fact in this extraordinary contest which is blotted out by the Journal and its backers, but which will not be lost sight of by the Union men of this Congressional district. We allude to the "unwarrantable" proceedings of trying to supplant a faithful, efficient, and experienced member of Congress by a new and untried man, after serving but one term, and especially when the official conduct of the present incumbent is without spot or blemish. Mr. Foster, Mr. Billings, Mr. Washburn, Mr. McIndoe, and Mr. Hancock were none of them denied the compliment of a renomination, and three of them were honored with a third term. Why does the Journal and those who act with it, sanction this unprecedented attack upon Mr. Sloan? They all admit his ability, integrity and personal worth, and heartily endorse and approve of all his official acts. They all concede his eminent fitness, and that his constituency are fully satisfied with his course in the halls of Congress. Why then this unwarrantable attempt at "swapping horses while crossing a stream," when it is axiomatic that the people will get badly cheated in the trade? What excuse is there for attempting to oust him after one term of service? None whatever, and in the language of the Journal, "he understood that we give no tacit approval to this unwarrantable proceeding, but hope that such tactics, hitherto unwitnessed, may never again be resorted to among Union men."

We have no fault to find with the unusual part taken in this little Capital scramble by some of the State officers, from the Chief Justice of the Supreme Court and Secretary of State, down to the Governor's Private Secretary. Whether they should mix in or not was a matter for themselves to decide, although their chances for making friends by so doing might be an open question. Some of them, be it remembered, did see fit to take a hand in the contest, and they are now quite welcome to contemplate the nett results of their efforts at their leisure.  
The Journal says "this is no time for bickering and dissensions among Union men." So say we, and desire to ask, in the name of harmony, why it seeks to foment jealousies by the publication of such an extraordinary and fault-finding article? Now that it and its friends are fairly beaten, why do they not shed their tears in secret and choke down their sobs in silence? We know that it goes awfully against the grain to see all the pipe-laying and wire-pulling of two long years, suddenly knocked into pi, and one's high expectations turned to ashes on the hip, like the faded apples of the Dead Sea, but it is only another evidence of the transitory nature of all sublunary things. We commiserate you, O disconsolate Madison Roguey, and our heart swells with pity as we contemplate your licked estate. To vary the language of the Psalmist a little, if our head was a river of water, we would weep as dry as a contribution box over your scooped out condition. You generally play your cards with great skill and adroitness, but you must remember that it is the fortune of war to suffer defeat sometimes, and that the Lord is presumed to be on the side of the heaviest battalions.

**The Water Witch at Fond du Lac.**  
(From Water Witch Newspaper.)  
The company left the city on Tuesday evening, August 22d, for the city of Fond du Lac, to attend the State Firemen's Tournament, and compete for the prizes offered by the State Association. After a rather tedious ride, the company arrived at Fond du Lac at 4 o'clock Wednesday morning. An escort was at the depot to receive us, composed of Fountain City Engine Co. No. 2, of Fond du Lac. The boys could not be induced to go to bed in the pons provided for them by the landlord, but preferred to saunter around town until breakfast was ready, which they took at the Wulfschord House.  
THE PROCESSION  
was formed at 9:30 A. M., on the common in front of St. Patrick's Church, and accompanied by the Bower City Band of Janesville, the North Western Band and Washington Vol. Co's. Band, marched through the principal streets to the grounds. The Companies on the ground were  
Madison Engine Co. No. 2, Madison.  
Water Witch " " 2, Janesville.  
Germania " " 2, Oshkosh.  
Excelsior " " 1, Menasha.  
Germania " " 1, Green Bay.  
Washington Vol. " 1, Fond du Lac.  
Fountain City " " 2, " "  
Winnebago " " 3, " "  
Rescue Hook & Ladder Co. No. 1, Janesville.  
Fountain City Hook & Ladder Co. No. 1, Fond du Lac.  
The procession was quite a lengthy one, and made a very creditable appearance. The roads were somewhat muddy, and the companies were marched an unnecessarily long distance in getting to the grounds. The persons who had it in charge should have taken in consideration the fatigued condition of the men who had ridden the entire night previous, and made the route much shorter.

**PLAYING FOR PRIZES.**  
No first class Engine being present, the first playing was for a splendid banner, the prize for second class Engines on quantity. The quantity thrown by the different Companies playing was as follows:  
Germania No. 2 of Oshkosh, 324 inches.  
Germania No. 1 of Green Bay, 284.  
Winnebago No. 3 Fond du Lac, 214.  
Madison No. 2 of Madison, 324.  
Water Witch No. 2 of Janesville, 364.  
Fountain City No. 2 of Fond du Lac, 284.  
The prize, the United States flag, bearing in the corner the State arms, and appropriately inscribed, was awarded to Water Witch No. 2 of Janesville. The boys were wild with enthusiasm over their victory, cheering vigorously for several minutes, while the band played "Rally Round the Flag, Boys," in full spirit with the occasion.  
**RUNNING OF HOOK & LADDER CO'S.**  
Rescue No. 1 of Janesville took the track first. The truck was fully equipped, containing the three longest ladders. The men stripped to shirt and pants and went for it. They run the half mile and raised the top ladder in three minutes and fourteen seconds. Fountain City Hook & Ladder Company equipped the same, also stripped, made the half mile and raised the ladder in three minutes, winning by fourteen seconds, and the prize a silk banner the same style and make as the one played for by the engines, was accordingly awarded to Fond du Lac Hook & Ladder Co. No. 1. This contest was a very exciting one, much interest being manifested by the spectators. It was a fine sight. Our Janesville boys did nobly, but the disparity of weight between the two trucks was too much for them to overcome. We understand the Janesville truck weighs fully 1,400 pounds more than the one at Fond du Lac.

**SECOND DAY.**  
At nine o'clock the procession formed and proceeded to the grounds. The first thing in order was  
**PLAYING ON DISTANCE.**  
for a prize of \$50 in "Greenbacks." The day was very windy and the streams were thrown with the wind, and the distances were much increased on this account. The trials were as follows:  
Winnebago No. 3 F. Du L. 204 ft. 8 in.  
Germania No. 2 Oshkosh, 265 ft. 10 in.  
Fountain City No. 2 F. Du L. 265 ft. 10 in.  
Excelsior No. 1 Menasha, 210 ft. 24 in.  
There being a tie the judges ordered Germania No. 2 and Fountain City No. 2 to play again. Fountain City reported to the judges as ready to play; Germania No. 2 picked up their machine and marched off the grounds, refusing to come to time. The prize was accordingly awarded to Fountain City No. 2 of Fond du Lac. The Steam fire Engine Washington of Fond du Lac next took the stand and exhibited its power to the great satisfaction of the Firemen present.  
**THE RUNNING OF THE ROPE.**  
came next in order. Twelve men were allowed on the ropes, to run half a mile and lay 400 feet of hose—prize a silver trumpet.  
Water Witch No. 2 of Janesville, scored 2:56 on running the half mile, and 3:35 on the laying of the hose.  
Washington Vol. No. 1 of Fond du Lac, scored 3:21 on the half mile, and 3:57 on laying hose.  
Fountain City No. 2 of Fond du Lac, scored 2:58 on the half mile, and 3:50 on laying the hose.  
Winnebago No. 3 of Fond du Lac, scored 3:05 on the half mile, and 3:33 on laying the hose.

It now becomes our painful duty to record an exhibition of partiality and unmitigated swindling on the part of some of the officers and firemen of Fond du Lac. The gallant hose boys of Water Witch had fairly beaten all the companies who had entered to compete for the prize, and drawn lots for the time to run in the morning. Fond du Lac was determined that the prize should not be taken from that city, and the officers of the State Association permitted them to enter another hose cart to compete, which was against all the rules of fair play. The best runners of

the entire department of Fond du Lac were selected to run on the cart of Winnebago No. 3. After the start started, from time to time some of the weary men running on their propped off and fresh men would take their places. This was seen by hundreds, and must have been observed by the Judges and officers of the Association. When on the home stretch firemen and citizens of Fond du Lac ran by the side of the tired men, urging them forward in every manner possible by taking hold of their hands, bodies &c., and pulling them along. Our boys have great reason to be dissatisfied with the award. They won the trumpet as fair as trumpet was ever won, and should have it. The Judge of No. 2's boys protested against the swindle, and showed conclusively that the trumpet should be awarded to Water Witch, but no apparent notice was taken of the protest. The end is not yet.

Water Witch Co. No. 2 left Fond du Lac on its return to Janesville at 4 o'clock on Friday morning, arriving here 12:45. The company marched to their engine house, where a bountiful collation was ready for them gotten up through the exertions of S. Ford, Jr., Geo. Sanders and others, which was very acceptable to the weary men, and for which these gentlemen have the warmest thanks of the company. Every man in the company returned in good spirits, highly pleased with the excursion. The only dissatisfaction expressed was at the treatment received by our hose boys.  
The banners that were offered by the association were of most excellent design, and by far the best ever offered in the state. They were made by Chas. L. Dubois of Chicago, and are in themselves a most complete example of his skill in such work. They were valued at \$82 each. The trumpet was valued at \$57.  
**Congressional Convention.**  
Pursuant to the call of the Committee for the 2d District of Wisconsin, a Congressional Convention was held in the city of Watertown, Jefferson county, Wisconsin, on the 25th day of August, A. D. 1894. The Convention was called to order by Hon. B. F. Hopkins, Chairman of said Committee.  
On motion, Hon. David Atwood, of Dane, was chosen President, and H. Barber, Jr., Secretary.  
On motion, the chair appointed a committee of five on credentials, consisting of Messrs. Fargo of Jefferson, Todd of Rock, Adams of Columbia, Fairchild of Dane, and Montgomery of Jefferson.  
On motion the Convention adjourned until 2:30 P. M.  
2 1/2 o'clock, P. M.—Convention was called to order.  
On motion, W. Merrill, of Rock, was appointed Assistant Secretary.  
The report of the Committee on Credentials was read as follows:  
The Committee on credentials instruct me to report the following names of delegates entitled to seats and votes in this convention:  
Dane County—G. T. Whitney, Louis Rock, Lucius Fairchild, D. K. Tenney, Frank H. Firmin, Andrew Henry, N. Williams, B. F. Adams, David Atwood, E. W. Keyes, Charles E. Weeks, W. W. Blackman, I. N. DeForest, Col. B. Hancock.  
Columbia County—W. W. Drake, S. E. Dana, Carl Schneider, two votes, G. W. Hazleton, J. Q. Adams.  
Rock County—A. W. Pope, by J. M. Burgess substitute, O. W. Gilman, A. M. Carver, Edward Imann, H. S. Conger, S. J. Todd, B. Burdick, Cyrus Bliss, Daniel Mow, Orr Oversey, John R. Bennett, Willard Merrill, E. P. King, D. W. C. Castle.  
Jefferson County—E. G. L. Struve, E. Montgomery, Hiram Barber, Robert Fargo, M. H. Ganong, A. T. Colburn, N. S. Green, G. W. Bishop.  
Two set of delegates having presented their credentials from the 1st Assembly district, Jefferson county, the majority of the committee recommended that they all be admitted to seats in the Convention. The names of these delegates are:  
Robert Tompkins, Luther A. Cole, J. T. Monk, Daniel Jones.  
A minority of the Committee recommended that these delegates be admitted to seats in this Convention, with power to cast two votes.  
ROBERT FARO, Ch'n Com.

The report of the Committee was adopted, except as to the delegates from the 1st Assembly District of Jefferson county.  
The report of the majority of the committee in the matter of the contested seats from Jefferson county, was rejected.  
The question being on the adoption of the report of the minority, it was amended so as to admit L. A. Cole and Daniel Jones, as delegates from the said First District of Jefferson county, and adopted as amended.  
One Assembly District in Columbia county being unrepresented in the Convention, Mr. Hazleton moved that the six delegates present from that county be allowed to cast the full vote to which the said county is entitled. After considerable discussion, the motion of Mr. Hazleton was adopted.  
Mr. Keyes moved that the Convention take a recess for three minutes. Rejected.  
Mr. Keyes moved that the Convention take a recess of six minutes. Rejected.  
On motion, the Convention resolved to proceed to an informal ballot for a candidate for Member of Congress. Messrs. Burgess, of Rock, and Tenney, of Dane were adopted tellers.  
[At this stage of the proceedings, the minority, numbering twenty-one, retired for consultation, and after a brief absence returned, and presented a short protest against the action of the Convention in permitting the six delegates present from Columbia County to cast the votes of the unrepresented district, as being wrong in principle, and a dangerous precedent, which being read, the Convention proceeded to the regular order of business.]  
The result of the informal ballot was as follows:  
L. A. Cole, 24 votes.  
D. W. C. Castle, 24 votes.  
Total, 48.  
The Convention then proceeded to a formal ballot for a candidate for Congress, with the following result:  
L. A. Cole, 24 votes.  
D. W. C. Castle, 24 votes.  
Total, 48.  
Hon. Hiram U. Sloan, having received a majority of all the votes cast, was declared the nominee of the Convention as a candidate for Congress.  
On motion of Gen. Fairchild of Dane, the nomination of Mr. Sloan was made unanimous.  
On motion of Mr. Keyes, the Chair was authorized to appoint a Congressional District Committee, composed of five persons.  
On motion of Mr. Conger, the chair was authorized to appoint a committee of five on resolutions; and Messrs. Conger, of Rock, Tenney, of Dane, Hazleton, of Columbia, Green, of Jefferson, and Bur-

mond, of Rock, were appointed such committee.  
On motion Messrs. Dana, of Columbia, Montgomery, of Jefferson, and Whitney, of Dane, were appointed a committee to wait upon Mr. Sloan to inform him of his nomination, and invite him to address the Convention.  
On motion the Convention adjourned till 8 o'clock in the evening.  
**EVENING SESSION.**  
At 8 o'clock, the convention was called to order by the President.  
The committee to inform Mr. Sloan of his nomination, reported that they had discharged their duty, and had the pleasure of introducing to the convention its nominee as a candidate for Congress.  
Mr. Sloan returned his thanks to the convention, in a few appropriate remarks, for the honor conferred upon him—accepted the nomination, and pledged his best efforts to represent faithfully the people of his district in the Congress of the United States, should he be elected to the position for which he had been nominated.  
The committee on Resolutions, through its chairman, Mr. Conger, reported the following resolutions, which were read and unanimously adopted:  
WHEREAS, Our country is now, for the first time in its history, involved in the dire calamities of intestine war, commenced and waged by self-avowed traitors in behalf of a cause stamped with eternal infamy and reprobated with abomination by all enlightened civilization, for the purpose of subverting the government and destroying the institutions under which our nation has so gloriously prospered; and  
WHEREAS, This war must end either in the dismemberment of the Union, with all the calamitous consequences, among the first of which would be the creation of a rival and hostile power in our very midst—or in establishing permanently and forever the supremacy of our government and its flag over the whole territory; and  
WHEREAS, The momentous interests involved in this demand the most vigorous action of the government, aided by all the power at its command and sustained by the united voice and effort of the people in order that treason may be punished and the country rescued from surrounding perils; therefore,  
Resolved, That we recognize and accept this rebellion as the great test that is to determine not merely the strength and power of our Government, but the strength and value of Republican institutions and principles as well; that so regarding it and looking back to the wickedness and criminality in which it had its origin, and holding in mind the avowed object for which it is prosecuted, we should view the success of the rebels as the consummation of a great crime, and at the same time the destruction of every hope upon which Republicanism has rested.  
Resolved, That armed rebellion can never be conciliated by concessions to its exactions without impairing the power and jeopardizing the influence and permanence of the government against which the rebellion is waged; and since we regard the present rebellion not only causeless and without excuse, but of matchless and atrocious enormity, we are in favor of prosecuting the war with all the power of the government until traitors are subdued, the majesty of the laws vindicated, and the authority of the government everywhere acknowledged.  
Resolved, That, while we yield to none in our desire for a speedy and permanent peace, we are inflexibly opposed to any settlement of the present conflict, which does not secure the integrity of the Union, the unqualified denial of the existence of a right of secession on the part of any State or States, the vindication of the national authority, and the enforcement of the constitution and laws, with the establishment and maintenance of the right of free speech, and a free press, in every State and territory within the limits of the national domain.  
Resolved, That to sustain the Government, and to give to it such support as is must have to subdue the rebellion and maintain the supremacy of the laws, it is absolutely necessary that the administration, that may be for the time being in support and confidence of the people, and the present administration is due, in an eminent degree, such support and confidence.  
Resolved, That the renomination of Abraham Lincoln, whose devoted patriotism, purity of purpose, firmness, sagacious statesmanship, during a period of unexampled difficulty, has endeared him to the people—was demanded by the almost unanimous voice of the steadfast Union men of the country; while the selection, as his associate on the ticket, of that approved and unswerving champion of the Union, Andrew Johnson, of Tennessee, was a just and appropriate recognition of the loyal element, which, in defiance of the despotism of the rebel leaders, still survives in the South, calling upon us to persevere, and to rescue them from a nation and wicked usurpation.  
Resolved, That the fidelity and ability with which the Hon. I. C. Sloan has discharged his duties as a Representative in Congress from this Congressional district have commended him to the confidence and esteem of his constituents, and won for him their unqualified approval.  
The Chair announced the following named persons for the Congressional District Committee for the ensuing two years: Messrs. E. W. Keyes, of Dane, Willard Merrill, of Rock, Robert Fargo, of Jefferson, A. J. Turner, of Columbia and G. T. Whitney, of Dane.  
On motion of Mr. Keyes, the thanks of the Convention were tendered to the city authorities of Watertown for their tender of the Council Chamber for the accommodation of this Convention.  
The Convention was briefly addressed by its Chairman, Gen. Fairchild, L. W. Keyes and S. C. Bean, cordially endorsing the nomination made, and pledging to it a cordial and earnest support.  
On motion, the Convention adjourned sine die.

The Madison Journal on the Renomination of Mr. Sloan.

The Madison Journal of Friday last, contains an article upon the renomination of Mr. Sloan in which the action of the Rock county delegates and their friends, is so sharply and so unjustly criticised that we feel constrained to say a few words in reply. We know our Madison friends chafed considerably under the harness at the Watertown convention, and not only kicked both legs over the traces but smashed in the dashboard; but as they were held to the work with a steady hand and compelled to do that which the people of the district desired them to do, we thought we could well afford to let the outside world remain in ignorance of their testimony and discomfort. But as they have made their troubles public and blundered through more than a column in the Journal, we cannot be charged with opening the discussion.

The Journal tells the truth as far as it goes, but unfortunately it does not tell all the truth. It says:

"The Convention was composed of forty-four delegates, one assembly district of Columbia county being unrepresented. There was a double delegation from the Watertown assembly district, each claiming to be the only rightful one. By a curious compromise the Convention declined to determine which was the rightful delegation, and a limited number of each. It was then found that the delegates from Rock and those present from Columbia were unanimous in favor of the renomination of Mr. Sloan, and that two of the Jefferson delegates were with them, while Dane county was unanimous for Hon. B. F. Hopkins from this city, the remaining eight delegates from Jefferson being either for Mr. Hopkins, or Col. Gill of Watertown. Thus the Convention stood 22 for Sloan and 22 opposed to him."

The Journal fails to explain that the committee on credentials, appointed by the senior Editor of the Journal, a majority of whom were opposed to Mr. Sloan, reported in favor of admitting all four of the delegates from the contested district, three of whom were known to be in favor of Mr. Hopkins! Thus they hoped to accomplish by strategy what they could not do by fair means, and this was the first blow aimed at Mr. Sloan, below the belt. But it was successfully parried by the convention rejecting the majority report, and the "curious compromise" spoken of by the Journal, effected by admitting one from each delegation one of whom was known to be opposed to Mr. Sloan and one considered doubtful, but proved to be opposed to him. This was not what the Hopkins men wanted, but it was fair, nevertheless. This matter of contested seats being settled to the satisfaction of the convention, Hon. G. W. Hazelton of Columbia, one of the most honorable and fair minded men in the State, moved that the delegates present from his county be authorized to cast the votes for the unrepresented district. Mr. Hazelton stated to the convention that the votes would be cast in accordance with the wishes of the Union men of that district, and just as they would be cast if the absent delegates were present. At this point the trouble commenced, as the opposition to Mr. Sloan knew very well that the delegates present, as well as those absent, were for Mr. Sloan first, last and all the time, and if the delegates present cast the votes of the absentees it would be in accordance with the wishes of the delegates and of the district, and Mr. Hopkins would be beaten. The Dane county delegates vehemently opposed this proposition, but the Convention, after patiently listening to all they had to say upon the subject, resolved that the Columbia delegates should cast the votes of the absentees. Here the filibustering commenced, and twenty-one delegates left the convention in extreme disgust, the chairman, General Atwood so far forgetting what was due the convention that had honored him, and what was due the dignity of his position, as to vacate the chair without even calling some one to preside temporarily in his absence. It is said that the language used by the bolters was quite similar to that used by the army in Florida, many of them declaring with blasphemous emphasis that they would not return to the convention. Through the efforts of General Fairchild, and one or two others, they were finally prevailed upon to go back and conclude the protest which they entered the following protest which they were ashamed to have appear in the official proceedings:

"Thus undersigned desire to enter their most solemn protest against the action of this convention, in allowing six delegates present in the convention from Columbia county, to cast the entire vote of that county—

county—one Assembly District in that county being wholly unrepresented in said convention. Each Assembly District being a distinct territory in itself, we protest against the right of a convention to authorize any person or persons not residents of a district to represent it in convention. Such a precedent is wrong in principle, dangerous in practice, and subversive of the best interests of every party or people."

After entering this shallow protest they felt better, and the business was allowed to go on, when Mr. Sloan was nominated on the first ballot.

In this protest the Journal joins and feels it to be its duty to lay the facts before the public, but piously hopes such "unwarranted" and unwelcome proceedings may never be heard of again among Republicans, (especially when Dane county has so much at stake.) We deny that it was an unwelcome proceeding. It is lone every year, and if our memory is not at fault, at the last Republican State Convention, a gentleman was allowed to cast a vote for a district in which he did not reside, and none of our Madison friends felt outraged or protested against it. Neither were they especially grieved last fall at the unprecedented manner in which Governor Solomon was elected out of the nomination by the unheard of tactics of somebody! It may be wrong in principle, but that it has practice and precedent in its favor, is not to be denied. The Journal asserts that the two votes from Columbia county were manufactured by politicians and were bogus, not being the votes of the Union men of that district. We might reply by saying that if all the Journal says be true, it was simply beating the Hopkins men at their own game, for they tried to manufacture votes, for their candidate out of the bogus Watertown delegates. But we have a better answer than that which is, that the two absent delegates telegraphed to their friends that they wished to have their votes cast for Mr. Sloan. This, however, was after Mr. Sloan was nominated, but before the delegates left Watertown. So we take issue with the Journal and assert that the two votes were cast precisely as the Union men of that district desired, and that if they had been ruled out, that would have been the trick of politicians.

There is another important fact in this extraordinary contest which is blighted by the Journal and its backers, but which will not be lost sight of by the Union men of this Congressional district. We allude to the "unwarrantable" proceedings of trying to supplant a faithful, efficient, and experienced member of Congress by a new and untried man, after serving but one term, and especially when the official conduct of the present incumbent is without spot or blemish. Mr. Potter, Mr. Billingsworth, Mr. Washburn, Mr. McIndoe, and Mr. Hancock were none of them denied the compliment of a renomination, and three of them were honored with a third term. Why does the Journal and those who act with it, sanction this unprecedented attack upon Mr. Sloan? They all admit his ability, integrity and personal worth, and heartily endorse and approve of all his official acts. They all concede his eminent fitness, and that his constituency are fully satisfied with his course in the halls of Congress. Why then this unwarrantable attempt at "swapping horses while crossing a stream," when it is morally certain that the people will get badly cheated in the trade? What excuse is there for attempting to oust him after one term of service? None whatever, and in the language of the Journal, "be it understood that we give no tacit approval to this unwarrantable proceeding, but hope that such tactics, hitherto untried, may never again be resorted to among Union men."

We have no fault to find with the unusual part taken in this little Capital scramble by some of the State officers, from the Chief Justice of the Supreme Court and Secretary of State, down to the Governor's Private Secretary. Whether they should mix in or not was a matter for themselves to decide, although their chances for making friends by so doing might be an open question. Some of them, be it remembered, did see fit to take a hand in the contest, and they are now quite welcome to contemplate the net results of their efforts at their leisure. The Journal says "this is no time for backbiting and dissensions among Union men." So say we, and desire to ask, in the name of harmony, why it seeks to foster an extraordinary and fault-finding article? Now that it and its friends are fairly beaten, why do they not shed their tears in secret and choke down their sobs in silence? We know that it goes awfully against the grain to see all the pipe-laying and wire-pulling of two long years, suddenly knocked into, and one's high expectations turned to ashes on the lip, like the faded apples of the Dead Sea, but it is only another evidence of the transitory nature of all sublunary things. We commend you, O disconsolate Madison Reguery, and our heart swells with pity as we contemplate your lickered estate. To vary the language of the Psalmist a little, if our head was a river of water, we would weep tears as dry as a contribution box over your scowled condition. You generally play your cards with great skill and adroitness, but you must remember that it is the fortune of war to suffer defeat sometimes, and that the Lord is presumed to be on the side of the heaviest battalions.

The Water Witch at Fond du Lac.

The company left the city on Tuesday evening, August 22d, for the city of Fond du Lac, to attend the State Firemen's Tournament, and compete for the prize offered by the State Association. After a rather tedious ride, the company arrived in Fond du Lac at 4 o'clock Wednesday morning. An escort was at the depot to receive us, composed of Fountain City Engine Co. No. 2, of Fond du Lac. The boys could not be induced to go to bed in the pons provided for them by the landlord, but preferred to saunter around town until breakfast was ready, which they took at the Wolschendorf House.

THE PROCESSION was formed at 9:30 A. M. on the common in front of St. Patrick's Church, and accompanied by the Bower City Band of Janesville, the North Western Band and Washington Vol. Co's. Band, marched through the principal streets to the grounds. The Companies on the ground were Madison Engine Co. No. 2, Madison Water Witch " " 2, Janesville, Germania " " 2, Oshkosh, Excelsior " " 1, Menasha, Germania " " 1, Green Bay, Washington Vol. " 1, Fond du Lac, Union City " " 2, Winnebago " " 3, Rescue Hook & Ladder Co. No. 1, Janesville.

The procession was quite a lengthy one, and made a very creditable appearance. The roads were somewhat muddy, and the companies were marched an unnecessarily long distance in getting to the grounds. The persons who had it in charge should have taken in consideration the fatigued condition of the men who had ridden the entire night previous, and made the route much shorter.

PLAYING FOR PRIZES. No first class Engine being present, the first playing was for a splendid banner, the prize for second class Engines on quantity. The quantity thrown by the different Companies playing was as follows: Germania No. 2 of Oshkosh, 324 inches. Germania No. 1 of Green Bay, 284 inches. Winnebago No. 3 of Fond du Lac, 215 inches. Madison No. 2 of Madison, 334 inches. Water Witch No. 2 of Janesville, 354 inches. Fountain City No. 2 of Fond du Lac, 284 inches. The prize, the United States flag, bearing in the corner the State arms, and appropriately inscribed, was awarded to Water Witch No. 2 of Janesville. The boys were wild with enthusiasm over their victory, cheering vigorously for several minutes, while the band played "Rally Round the Flag, Boys," in full spirit with the occasion.

RUNNING OF HOOK & LADDER CO'S. Rescue No. 1 of Janesville took the track first. The truck was fully equipped, containing the three longest ladders. The men stripped to shirt and pants and went for it. They ran the half mile and raised the top ladder in three minutes and fourteen seconds. Fountain City Hook & Ladder Company equipped the same, also stripped, made the half mile and raised the ladder in three minutes, winning by fourteen seconds, and the prize a silk banner the same style and make as the one played for by the engines, was accordingly awarded to Fond du Lac Hook & Ladder Co. No. 1. This contest was a very exciting one, much interest being manifested by the spectators. It was a fine sight. Our Janesville boys did nobly, but the disparity of weight between the two trucks was too much for them to overcome. We understand the Janesville truck weighs fully 1,400 pounds more than the one at Fond du Lac.

SECOND DAY.

At nine o'clock the procession formed and proceeded to the grounds. The first thing in order was

PLAYING ON DISTANCE for a prize of \$50 in "Greenbacks." The day was very windy and the streams were thrown with the wind, and the distances were much increased on this account. The trials were as follows:

Winnebago No. 3 F. Du Lac, 204 ft. 8 in. Germania No. 2 Oshkosh, 265 ft. 10 in. Fountain City No. 2 F. Du Lac, 255 ft. 10 in. Excelsior No. 1 Menasha, 210 ft. 24 in.

There being a tie the judges ordered Germania No. 2 and Fountain City No. 2 to play again. Fountain City reported to the judges as ready to play; Germania No. 2 picked up their machine and marched off the grounds, refusing to come to time. The prize was accordingly awarded to Fountain City No. 2 of Fond du Lac. The Steam Fire Engine, Washington of Fond du Lac next took the stand and exhibited its power to the great satisfaction of the firemen present.

THE RUNNING OF THE HORSE came next in order. Twelve men were allowed on the ropes, to run half a mile and lay 400 feet of hose—prize a silver trumpet.

Water Witch No. 2 of Janesville, scored 2:56 on running the half mile, and 3:35 on the laying of the hose.

Washington Vol. No. 1 of Fond du Lac, scored 3:21 on the half mile, and 3:57 on laying hose.

Fountain City No. 2 of Fond du Lac, scored 2:58 on the half mile, and 3:50 on laying the hose.

Winnebago No. 3 of Fond du Lac, scored 3:05 on the half mile, and 3:33 on laying the hose.

It now becomes our painful duty to record an exhibition of partiality and unmitigated swindling on the part of some of the officers and firemen of Fond du Lac. The gallant horse boys of Water Witch had fairly beaten all the companies who had entered to compete for the prize, and drawn lots for the time to run in the morning. Fond du Lac was determined that the prize should not be taken from that city, and the officers of the State Association permitted them to enter another horse cart to compete, which was against all the rules of fair play. The best runners of

the entire department of Fond du Lac were selected to run on the cart of Winnebago No. 2. After the start, from time to time some of the weary men running on the cart dropped off and fresh men would take their places. This was seen by hundreds, and must have been observed by the Judges and officers of the Association. When on the home stretch firemen and citizens of Fond du Lac ran to the side of the tired men, urging them forward in every manner possible, by taking hold of their hands, bodies &c., and pulling them along. Our boys have great reason to be dissatisfied with the award. They won the trumpets fair as trumpet was ever won, and should have it. The Judge of No. 2's boys protested against the award, and showed conclusively that the trumpet should be awarded to Water Witch, but no apparent notice was taken of the protest. The end is not yet.

Water Witch Co. No. 2 left Fond du Lac on its return to Janesville at 4 o'clock on Friday morning, arriving here 12:45. The company marched to their engine house, where a bountiful collation was ready for them gotten up through the exertions of S. Ford, Jr., Geo. Sanders and others, which was very acceptable to the weary men, and for which those gentlemen have the warmest thanks of the company. Every man in the company returned in good spirits, highly pleased with the excursion. The only dissatisfaction expressed was at the treatment received by our horse boys.

The banners that were offered by the association were of most excellent design, and by far the best ever offered in the State. They were made by Chas. L. Debois of Chicago, and are in themselves a most complete example of his skill in such work. They were valued at \$82 each. The trumpet was valued at \$57.

Congressional Convention.

Pursuant to the call of the Committee for the 2d District of Wisconsin, a Congressional Convention was held in the city of Watertown, Jefferson county, Wisconsin, on the 25th day of August, A. D. 1864. The Convention was called to order by Hon. B. F. Hopkins, Chairman of said Committee.

On motion, Hon. David Atwood, of Dane, was chosen President, and H. Barber, Jr., Secretary.

On motion, the chair appointed a committee of five on credentials, consisting of Messrs. Fargo of Jefferson, Todd of Rock, Adams of Columbia, Fairchild of Dane, and Montgomery of Jefferson.

On motion the Convention adjourned until 2 1/2 P. M. Convention was called to order.

On motion, W. Merrill, of Rock, was appointed Assistant Secretary.

The report of the Committee on Credentials was read as follows:

The Committee on credentials instruct me to report the following names of delegates entitled to seats and votes in this convention:

Dane County—G. T. Whitney, Louis Lord, Lucia Fairchild, D. K. Tenney, Frank H. Firmin, Andrew Henry, N. Williams, B. F. Adams, David Atwood, K. W. Keyes, Charles E. Weeks, W. Blackman, I. N. DeForest, Col. B. Hancock.

Columbia County—W. W. Drake, S. E. Dana, Carl Schneider, two votes, G. W. Hazelton, J. O. Adams.

Rock County—A. W. Pope, by J. M. Burgess substitute, O. W. Gilman, A. M. Carter, Edward Luman, H. S. Conger, S. J. Todd, B. Burdick, Cyrus Bliss, Daniel Mow, Orin Gurnsey, John R. Galt, Willard Merrill, E. P. King, D. W. C. Castle.

Jefferson County—F. G. L. Struve, E. Montgomery, Hiram Barber, Robert Furg, M. H. Ganong, A. T. Colburn, N. S. Green, G. W. Bishop.

Two sets of delegates having presented their credentials from the 1st Assembly district, Jefferson county, the majority of the committee recommended that they all be admitted to seats in the Convention. The names of these delegates are:

Robert Tompkins, Luther A. Cole, J. T. Moak, Daniel Jones.

A minority of the Committee recommended that these delegates be admitted to seats in this Convention, with power to cast two votes.

ROBERT TOMPKINS, Chairman. The report of the Committee was adopted, except as to the delegates from the 1st Assembly District of Jefferson county.

The report of the majority of the committee in the matter of the contested seats from Jefferson county, was rejected.

The question being on the adoption of the report of the minority, it was amended so as to admit L. A. Cole and Daniel Jones, as delegates from the said 1st District of Jefferson county, and adopted as amended.

One Assembly District in Columbia county being unrepresented in the Convention, Mr. Hazelton moved that the six delegates present from that county be allowed to cast the full vote to which the said county is entitled. After considerable discussion, the motion of Mr. Hazelton was adopted.

Mr. Keyes moved that the Convention take a recess for three minutes. Rejected.

Mr. Keyes moved that the Convention take a recess of six minutes. Rejected.

On motion, the Convention resolved to proceed to an informal ballot for a candidate for Member of Congress. Messrs. Burgess, of Rock, and Tenney, of Dane were adopted tellers.

[At this stage of the proceedings, the minority, numbering twenty-one, retired for consultation, and after a brief absence returned, and presented a short protest against the action of the Convention in permitting the six delegates present from Columbia County to cast the votes of the unrepresented district, as being wrong in principle, and a dangerous precedent, which being read, the Convention proceeded to the regular order of business.]

The result of the informal ballot was as follows:

G. W. Hazelton	24 votes
Blackman	22 votes
Total	46

The Convention then proceeded to a formal ballot for a candidate for Congress, with the following result:

G. W. Hazelton	24 votes
Blackman	22 votes
Total	46

Hon. Ithamar C. Sloan, having received a majority of all the votes cast, was declared the nominee of the Convention as a candidate for Congress.

On motion of Gen. Fairchild of Dane, the nomination of Mr. Sloan was made unanimous.

On motion of Mr. Keyes, the Chair was authorized to appoint a Congressional District Committee, composed of five persons.

On motion of Mr. Conger, the chair was authorized to appoint a committee of five on resolutions, consisting of Messrs. Conger, of Rock, Tenney, of Dane, Hazelton, of Columbia, Green, of Jefferson, and Bur-

dic, of Rock, were appointed such committee.

On motion Messrs. Dana, of Columbia, Montgomery, of Jefferson, and Whitney, of Dane, were appointed a committee to wait upon Mr. Sloan to inform him of his nomination, and invite him to address the Convention.

On motion the Convention adjourned till 8 o'clock in the evening.

At 8 o'clock, the Convention was called to order by the President.

The committee to inform Mr. Sloan of his nomination, reported that they had discharged their duty, and had the pleasure of introducing to the Convention—his nominee as a candidate for Congress.

Mr. Sloan returned his thanks to the convention, in a few appropriate remarks, for the honor conferred upon him—accepted the nomination, and pledged his best efforts to represent faithfully the people of his district in the Congress of the United States, should he be elected to the position for which he had been nominated.

The Committee on Resolutions, through its chairman, Mr. Conger, reported the following resolutions, which were read and unanimously adopted:

Resolved, That our country is now, for the first time in its history, involved in the dire calamities of intestine war, commenced and waged by self-avowed traitors in behalf of a cause stamped with eternal infamy and reprobated with abomination by all enlightened civilization, for the purpose of subverting the government and destroying the institutions under which our nation has so signally prospered; and

Resolved, That we must cut either in the membership of the Union, with all the calamitous consequences, among the first of which would be the creation of a rival and hostile power in our very midst, or to establishing permanently and forever the supremacy of our government and its flag over the whole territory; and,

Resolved, That the momentous interests involved in this demand the most vigorous action of the government, aided by all the power at its command, and sustained by the united voice and effort of the people, in order that treason may be punished and the country rescued from surrounding perils.

Resolved, That we recognize and accept this rebellion as the great test that is to determine not merely the strength and power of our Government, but the strength and value of Republican institutions and principles as well; that so regarding it and looking back to the wickedness and criminality in which it had its origin, and holding in mind the avowed object for which it is prosecuted, we should view the success of the rebels as the consummation of a great crime, and at the same time the destruction of every hope upon which Republicanism has rested.

Resolved, That armed rebellion can never be complicated by concessions to the exiles without impairing the power and jeopardizing the influence and permanence of the government against which the rebellion is waged; and since we regard the present rebellion not only causeless and without excuse, but of matchless and atrocious enormity, we are in favor of prosecuting the war with all the power of the government until traitors are subdued, the majesty of the laws vindicated, and the authority of the government everywhere acknowledged.

Resolved, That while we yield to none in our desire for a speedy and permanent peace, we are inflexibly opposed to any settlement of the present conflict, which does not secure the integrity of the Union, the unqualified denial of the existence of a right of secession on the part of any State or States, the enforcement of the constitutional authority, and the establishment of the constitution and laws, with the establishment and maintenance of the right of free speech, and a free press, in every State and territory within the limits of the national domain.

Resolved, That to sustain the Government, and to give to it such support as is must have to subdue the rebellion and maintain the supremacy of the laws, it is absolutely necessary that the administration, that may be for the time being in power, should have the unwavering support and confidence of the people; and in the present administration is due, in its eminent degree, such support and confidence.

Resolved, That the renomination of Abraham Lincoln, whose devoted patriotism, purity of purpose, firmness, sagacious statesmanship, during a period of unprecedented difficulty, has endeared him to the people, and demanded by the almost unanimous voice of the steadfast Union men of the country; while the selection, as his associate on the ticket, of that approved and unswerving champion of the Union, Andrew Johnson, of Tennessee, was a just and appropriate recognition of the loyal element, which, in defiance of the despotism of the rebel leaders, still survives in the South, calling upon us to persevere, and to rescue them from an odious and wicked usurpation.

Resolved, That the fidelity and ability with which the Hon. I. C. Sloan has discharged his duties as a Representative in Congress from this Congressional district, have commended him to the confidence and support of his constituents, and won for him their unqualified approval.

The Chair announced the following named persons as the Congressional District Committee for the ensuing two years, to wit: Messrs. E. W. Keyes, of Dane; Willard Merrill, of Rock; Robert Fargy, of Jefferson; A. J. Turner, of Columbia; and G. T. Whitney, of Dane.

On motion of Mr. Keyes, the thanks of the Convention were tendered to the city authorities of Watertown for their tender of the Council Chamber for the accommodation of this Convention.

The Convention was briefly addressed by its Chairman, Gen. Fairchild, E. W. Keyes and S. C. Bean, cordially endorsing the nomination made, and pledging to it a cordial and earnest support.

On motion, the Convention adjourned sine die.

A REMEDY FOR THE PILES.

It is a blessing to the suffering to know that we have an effective cure for this truly troublesome disease. Mr. J. T. H. is a native of 101 Second street, Cincinnati, O., takes great pleasure in informing all who are suffering with piles that he used a small quantity of Dr. Winkler's Pile Remedy, and it effected a permanent cure. This seems to be the case with all who make use of this excellent preparation. It is manufactured at No. 6 East Fourth street, Cincinnati, O., and sold by all Druggists.

WYNKOOP'S IRELAND PECTORAL.

Diseases of the Throat, Chest, and Pulmonary Organs are very prevalent, infectious and dangerous. The properties of a medicine to relieve, cure, and soothe the complaints, must be expectorant, anodyne and invigorating, loosening the mucus of the throat, and imparting tone to the entire system. No discovery in medicine has ever mastered this class of diseases like Dr. Wynkoop's Ireland Pectoral. It is used with the most astonishing results in all cases of Bronchitis, Influenza, Whooping Cough, Diphtheria or Putrid Sore Throat, Asthma, Croup, Coughs, Colds, Nervous Irritability, &c.

The Rev. J. J. Porter certifies—"that I have used Dr. Wynkoop's Pectoral for several years, myself and in my family, for severe pulmonary complaints, and have recommended it to many others, and have never seen its equal." Rev. J. J. Porter, Brooklyn, N. Y.

DIARRHOEA AND DYSENTERY.

We have examined a great number of letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhoea and dysentery. The letters are too long to publish. Mr. Woods of Covington, says he was prostrated by the most violent diarrhoea in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhoea and dysentery.

Another says he was discharged from the United States service after suffering in the hospital for eight months as incurable, and as last resource tried Dr. Strickland's Anti-Cholera Mixture. He was well and healthy and has now entered the army again in good health. One man writes he has cured a son or daughter of diarrhoea and dysentery in the barracks by using with him a bottle of this valuable medicine. In fact we could fill a large paper with similar testimonials from all over the world.

Our army ought to be supplied with it. It is but a short time since one of our men lay in a very low condition. One of our friends at Hospital, his wife was prostrated by the same disease. She has now recovered, and one bottle of Dr. Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a little of it in their knapsacks. It may save them or some of their comrades. It is for sale by Druggists at 60 cents per bottle.
